Ready-made apartments on the coast of the Marmara Sea are built in the heart of one of the greenest areas of Istanbul, Beylikduzu.

The complex is designed in a traditional architectural style, and consists of three blocks of 8 floors. Modern building technologies and materials were used in the construction.

Therefore, by purchasing apartments in this project, you can be sure of your safety and environmental friendliness of your home. The complex is located right on the coast of the Marmara Sea.

The well-organized inner space of the courtyard and the complex itself make this project very attractive both for

large families and for those who are just starting an independent life.

There are 108 apartments for sale with different layouts from 1+0 to 6+2. All apartments have natural ventilation, which allows fresh air to penetrate into any corner of the building.

Another advantage is that the apartments are located on the sunny side, which means that you will always have a great mood, it will always be warm at home.

About the area

Beylikduzu is located on the European side of Istanbul, and is famous for its long promenade that stretches along the Sea of Marmara, as well as the Bay of Buyukcekmece.

A large number of new residential complexes with developed infrastructure have been built in this area. Nearby there are sports schools, Turkish language schools, and libraries,

as well as the famous main highway E5. Most of Istanbul's major shopping malls, such as the Mall of Marmara Park and Torium Mall, are concentrated in Beylikduzu.

It is a quiet and inexpensive area compared to other areas.
