About the project;

It is being built on a plot of 56,500 square meters. The project, which consists of 177 double, triple and quadruple villas, includes indoor and outdoor pools, gym, Turkish bath, sauna, steam room, walking paths, children's playgrounds, covered parking spaces and 24-hour security service. The most important feature of the project is that each independent section has a garden. The area of the villas starts from 213 m2 in 3+1 and goes up to 300 m2 in 6+1.

The project, brought to life with a family concept, is aimed at all domestic and foreign investors who live in the vicinity of Bahcesehir, do not want to leave the city center and want to live close to city amenities for everyone. their needs.

Our project, which offers a spacious living space away from the bustle of the city, will also offer its residents all the amenities of the city with maximum quality and opportunities.

Adjacent to Akbatı, Prestige Mall and Mall of Istanbul, the project is also on the roads connecting Marmara Northern Highway, 3rd Bosphorus Bridge and Istanbul Airport to the city. Drawing attention with its proximity to educational institutions such as Bilfen College, Doga College, FMV Işık Schools, Bahcesehir College, the project also provides transportation to the Basaksehir State Hospital and private hospitals within minutes.
