Being Area specialist in Business Bay, We are proud to offer you the first Pagani unique tower apartment.

- The tower is a geometric symphony of 19 floors of residential masterpieces
- 3 basement levels and a majestic ground floor.
- The building is directly by the Dubai Canal, overlooking the Burj Khalifa and Business Bay.
- It allows a panoramas view of the water, the canal, floating villas.

Pagani's first residences ever are brought to life in a unique tower. The building design is one that makes your head turn: the instability of lines, a strong uneven approach, transparency and hidden balances create a dynamic effect like no other in the surroundings. But it's when you get closer that you discover the pearl, an incredible suspended sphere that defies gravity.
