Binghatti Creek is a 21-storey tower that offers 1-3 bedroom luxury apartments with living areas from 700 sq.ft to 1,550 sq.ft. The total number of residential units in the development is 334, and there is an opportunity to obtain a retail unit as well. The project reflects a mix of a contemporary design style with traditional elements of Arabian art and architecture. The balconies have a unique design and provide residents with an opportunity to relax and enjoy the fascinating views of Dubai Creek and the famous Dubai skyline. The sliding doors and floor-to-ceiling windows allow each unit to catch as much sunlight as possible throughout the day. The interiors of each residence plan to mix comfort and elegance so residents won't have to compromise on either one.
