All skyscrapers are connected by a multi-level platform intended for commercial use. Here are:

- themed restaurants and bars;
- concert venue and facilities for large events;
- shopping area with boutiques;
- several fitness centers and swimming pools;
- modern cinema hall.

The key feature of the project is the design of the premises. All of them are based on the themes of Paramount films. Premiere screenings of films from the film studio are often held in the complex building. This project will be an excellent choice for people who want to be in the spotlight and lead an active business life.
