This is a multifunctional project that combines residential, office and commercial real estate. Since the property is located in a tourist-attractive region, its residents will have access to developed infrastructure, including a private beach, covered parking, restaurants and sports centers.

There are no industrial enterprises nearby, so nothing will interfere with enjoying the clean sea breeze. The facility is located a short distance from key points in Dubai:

15 minutes by car to Burj Khalifa and Business Center;

less than 10 minutes to Dubai Marina;

20 minutes to Dubai International Airport, 28 minutes to Maktoum International.

Potential clients have access to apartments of various sizes, from 65 to 214 square meters. Each residence has a unique designer renovation and is equipped with high-quality plumbing and kitchen appliances. A total of 1,265 residential apartments are planned.
