The residential complex is very well located at the intersection of the main highways E5 and E6. All this applies to the Atasehir district. The neighborhoods of Kadikoy, Uskudar and Umraniye are located next to the project. To drive to any place in the city is a couple of trifles. All thanks to easy transport links. Atasehir is perfect for business people, trade and entertainment. It is worth noting that there are many institutions providing medical services and conducting educational activities. Undoubtedly, this explains the increased attractiveness of the complex for family people. Residents of apartments with a beautiful view will be able to enjoy the splendor of the Princes' Islands, the Sea of Marmara, the green cover of the Aidos forest, and the view of the city too. In addition, the residential complex includes full-fledged parking spaces (both open and closed), a swimming pool (indoor and children), a sports hall, a Finnish sauna and a Turkish hammam, children's playgrounds, places for walking and landscaped areas .
