The presented project will be of interest to those who are looking for a profitable investment, and those who aspire to become a Turkish citizen, and those who want to get comfortable housing in the center of Istanbul. Everything that a person may need, regardless of his tastes and preferences, is located in the walking area. School and metro station are located very close to the complex. The Levent district, in the very center of which the project is located, is the elite commercial and business center of Istanbul. It is in this large city that such famous shopping centers as Park, Zorlu and Istinye are located. All the most necessary infrastructure facilities are also located here: the central offices of banks and business centers, as well as various institutions of the beauty industry, medicine and education. The complex was built according to the principle - to live among the natural greenery, while being in the center of the metropolis, so the development is surrounded by forests, and all the infrastructure for a comfortable life is within walking distance. It is worth mentioning separately that the residents of the complex have access to harvesting fruit trees growing in the garden. The complex extends over 103,000 sq. m and includes 16 blocks. The layout of apartments (and there are more than a thousand of them in the building) - from 1 + 1 to 5 + 1. Some apartments have their own terraces. The complex also provides for 40 non-commercial premises.
