Levent is an elite, commercial district of Istanbul, where business centers and offices are concentrated. In its very center, there is a new complex, designed to become a place of attraction for investors and all those who plan to obtain Turkish citizenship. Along with this, the project is great for a comfortable, everyday life in the heart of Istanbul. The developed infrastructure includes several metro stations, clinics, hospitals, schools, entertainment facilities, many business centers and beauty salons. All this diversity is within walking distance. During the design of the facility, architects and engineers adhered to the concept that life in the very center of the metropolis should not differ from life in nature. The main goal was the symbiosis of modern infrastructure and the surrounding forests. Fruit and berry orchards on the territory of the complex deserve special attention, the harvest from which you can enjoy. All this should bring maximum benefit to residents. The whole complex is divided into 16 blocks, inside which there are about 1000 apartments and apartments. A variety of layouts, from 1 + 1 to 5 + 1, will impress even the most demanding customer. In addition, on the territory exceeding 103 thousand sq.m. more than 40 commercial premises are located, ideal for offices and small companies. All this will allow you to successfully combine work and leisure.
