This offer will be interesting both for aspiring to become Turkish citizens and for comfortable living in the central part of Istanbul. Everything you need is literally a step away from this project - for example, a park, a subway or a kindergarten for a child. The complex is located in the elite district of Levent - this is accommodation in the business and commercial center of the largest city in the Republic of Turkey. The most important business centers, shopping centers, offices of banking organizations, beauty studios, medical centers, educational institutions and much more are concentrated here. It has everything you need for real comfort. The main idea of the developer is to create a project where life would be like in nature, but the location is the very heart of the metropolis of the 21st century. The complex is built in such a way that its residents receive the maximum amount of amenities from the infrastructure and the maximum amount of usefulness from the parks and forests that surround the facility. Construction was carried out on an area of 103 thousand square meters. About a thousand modern apartments are located in 16 blocks. Layout from 1 and 1 to 5 and 1. Including about 40 rooms are provided for commercial use. Some apartments have a terrace. In particular, it should be borne in mind that you can pick fruit from trees in parks that are located directly on the territory of the residential complex.
