This residential complex in Istanbul, located in the Esentepe district, perfectly repeats the best images of European architectural solutions. Located close to the vibrant Kartal area, the complex offers the perfect combination of city life and nature. The courtyard of the complex offers many green spaces, recreational areas, walking paths, artificial ponds, playgrounds and much more, creating a balanced and peaceful environment for living. This residential complex has an outstanding location, with excellent accessibility to major roads and vehicles. Located next to the E-5 motorway exit, it provides quick and convenient access to any part of Istanbul. In addition, being within walking distance of the metro station, the complex also provides easy access to other areas of the city. There are many amenities around the complex, including hospitals, educational institutions, shopping centers and entertainment venues that can meet the needs of the residents of the complex. This residential complex occupies a land area of about 40,000 square meters and consists of 12 buildings. The complex has 865 apartments with a high level of comfort, including cozy 1 + 1 apartments with balconies, where every detail has been designed with the convenience of future owners in mind. On the lower floors of the complex there are shops and cafes, providing residents with everything necessary for a comfortable life and easy access to products and services. The residential complex is equipped with a large parking lot for the benefit of residents. For sports, there is a gym and an indoor pool, as well as a sauna for stress relief. Convenient location and layout make this residential complex an interesting investment option, but at the same time it is designed for a comfortable stay for the whole family.
