The original architectural design of this residential complex instantly attracts the eye. It is located in the eastern part of Alanya in the Demirtas district, which is located 600 meters from the city center. Despite this, it is very calm and comfortable here. The area has all the necessary infrastructure: shops, pharmacies and much more. The location of the residential complex Demirtas was chosen very conveniently: it is only 24 kilometers from Gazipasa Airport and 2.5 kilometers from the famous Mediterranean beaches. The total area of the complex is two and a half thousand square meters. There are currently 62 apartments for sale. Layout options from 1 plus 1 to 4 plus 1. The 2 plus 1 and 4 plus 1 apartments offer wide and particularly comfortable duplexes. All apartments have already been finished, and kitchens and bathrooms are equipped with all necessary equipment. All offered apartments have spacious balconies. The residential complex has everything you need not only for productive work, but also for a good rest. To meet with business partners, you can use the meeting room. After a hard day's work, you can fully work out in the fitness center and swim in the indoor pool. In addition, it is possible to go to the hammam, play billiards and watch a movie in a modern cinema. Children's infrastructure is given special attention. Toddlers can frolic in the playroom and on the playground, as well as splash in the separate pool. The complex has a special area for family and friends picnics and a golf course. There is a relaxation zone in the yard where you can sit in silence on comfortable garden furniture.
