The project has been awarded and recognized by the building community as an excellent example of modern architecture in the Sisli-Bomonti areas. An elegant and graceful object can rightly be called an icon of Istanbul. It consists of two identical skyscrapers, 54 floors each, with a total of 804 apartments. The amazing view from the apartments is the real highlight of this complex. Apartments above the 15th floor offer views of the Sea of Marmara, the Princes' Islands and the Golden Horn. Starting from the 30th floor, Istanbul will appear in full view in all its beauty. The developer offers 1 + 1 and 2 + 1 apartments. As well as the opportunity to re-plan the apartment and expand it to a 5 + 1 type. Taking care of the comfort of the owners, the developer provided for the possibility of developing an individual decor for the apartments.
