A well-known developer, who has a lot of chic projects in his piggy bank, presents a new facility. A complex that meets the most modern standards of life and work with pleasure. The concept of the project is an aesthetic combination of residential, commercial and office premises. The facility is located on the European side of Istanbul in an ideal location in terms of transport accessibility, a couple of minutes from the TEM highway, a five-minute bridge connecting with the Asian part of the city. There are many metro stations and metrobuses around. Belgrade Forest is a couple of minutes' walk from the property. The object consists of three buildings. In addition, the territory has everything you need for life and work. Concierge services, fitness center, swimming pools. By the way, parking here is designed for 3500 cars! The modern design of the apartments will not leave you indifferent, as well as the materials used in the decoration. The developer offers apartments with layouts from 1+0 to 4+1, including duplexes. The apartments are equipped with the "Smart House" system.
