A modern residential complex of a premium level is located in a well-known, popular area of the Asian part of Istanbul - in the Camlica microdistrict of the Uskudar district. The favorable location and developed infrastructure create truly comfortable conditions for residents. A wide variety of objects are widely represented: here is an entertainment complex, luxury clothing boutiques, excellent restaurants where you can taste excellent dishes from all over the world. There are also many educational institutions, hospitals, clinics, shopping centers and shops at the service of the residents of the area. The proximity of transport interchanges allows you to easily get to anywhere in the city or go to the airport. For movie lovers, the doors of the cinema are open, there is also an underwater zoo and many entertainments for children. Developed infrastructure invariably attracts the attention of future residents, because the complex has everything you need. And an interesting project and modern apartments in a beautiful area will appeal to many even the most demanding customers. The object was built in the form of a fashionable 46-storey building, on the first 11 floors of which there is a five-star hotel. Above are 197 apartments with layouts from 1 + 1 to 3 + 1 and area from 78 to 213 square meters. m., as well as 123 penthouses. The internal infrastructure will certainly please future residents: a modern lobby and hall, there is a reception, a concierge; several swimming pools, among them children's and outdoor; equipped play areas, conference rooms; round-the-clock video surveillance and security; for those who like to watch movies in the evenings - a cinema; various restaurants and cafes; for lovers of a healthy lifestyle - a wellness center and spa; has its own oceanarium.
