Imagine a place where a green oasis is combined with maximum comfort for life. An oasis where all the elements that create the quality of modern housing are thought out to the maximum. In such a place, comfort and safety, fresh air and picturesque nature, location and infrastructure merge together. The residential complex was built surrounded by evergreen areas, on the banks of the Bosphorus, in the Tarabya quarter, the oldest district of Istanbul - Sariyer. The remoteness from the center will allow residents to be always within walking distance to important city infrastructures: a metro station, a hospital are five minutes away, and for those who are in love with shopping, two large shopping centers. A few steps from Tarabya Marina and the rich history of Emirgan Park, which will allow you to enjoy the beautiful scenery of Istanbul every day. Excellent conditions for life and personal development and communication have been created within the walls of the architectural ensemble. The interior space is thought out to the smallest detail and is represented by playgrounds, outdoor pools, a jacuzzi and a sauna for pleasant leisure. Sports enthusiasts can enjoy the work of the fitness club, table tennis and billiards are at their disposal. Every centimeter of the territory is thought out so that residents can feel maximum comfort without going beyond its borders. The facilities of the complex are represented by 225 two-storey duplex apartments with 2+1 and 4+1 layouts. Own autonomous territory of the house with a spacious balcony, panoramic windows will be tastefully combined with modern finishes made according to the latest trends.
