A multifunctional facility has been built in the Kadikoy district. To be more precise, it is located in the Asian district of Istanbul. This design combines ideal conditions for family life and is great for commercial activities. The object consists of: working premises; 5 high buildings allocated for residential; Shopping center. The territorial location is good because it is convenient for ordinary pedestrians and car owners to live here. The close location of the tunnel "Eurasia" provides easy travel to the European part of the city. The infrastructure is developed, so there are all the necessary means of transport. For example, buses, metro. Kadikoy is an area where the quality of life is at a high level. There are all necessary educational institutions. Starting from preschool education and kindergartens, ending with specialized education. Hospitals are located very close to this area. Multi-storey buildings stand out among the entire area. They look modern and bright. The territory includes not only houses, but also a recreation area. The best specialists worked on the landscape design, who supplemented their work with a beautiful view of landscaping. It goes vertical. Apartments can be selected based on the layout. There are different options - from 1 + 1 to 3 + 1. The number of balconies - from 1 to 2. For the owners of the upper floors, a beautiful view of Istanbul opens up. Panoramic windows allow you to enjoy morning sunrises and evening sunsets. Additionally, the residential complex includes: several types of pools; centers where people go in for sports and fitness; relaxing sauna and public baths; Spa; beautiful garden; restaurant; cafe kindergarten.
