This property is located in the Kadikoy district of Istanbul. It combines the realized idea of real estate for the civilian population, as well as good conditions for productive work. The object consists of five buildings with apartments, a shopping center, as well as a complex of offices. Convenient location for both pedestrians and drivers. Within walking distance of the metrobus line and bus stop. And thanks to the services of the tunnel "Europe", which is a 5-minute drive from the object, you can quickly and easily get to the European part of the city. Kadikoy has very comfortable living conditions and in addition to the above advantages, there are also schools and preschool institutions. There are also hospitals nearby. This facility has modern architecture in buildings and unusual landscape design. High-rise buildings are made in an unusual construction technique, and the technique of vertical gardening is periodically used in the landscape, such techniques add originality to the area. The buildings will feature apartments with comfortable layouts and balconies. Charming views of the city are especially revealed from the wide panoramic windows. Cafes and restaurants, fitness centers, swimming pools, SPA, saunas and even a garden are conveniently located in the residential complex. And parents of young children will certainly appreciate the proximity and convenient location of the kindergarten.
