Residents of the complex will be able to admire the picturesque views of the city of Istanbul and Mount Chamlyca every day. The object is made in a modern style. It attracts the eyes of passers-by. I would like to note a good transport interchange. The metro is just a five-minute walk away, and the metrobus takes no more than 7 minutes to walk. The area has all the necessary social institutions. The nearest shopping center is located within a five minute walk. There are many boutiques, grocery stores, beauty salons, restaurants and cafes here. Everyone dreams of living in such a developed area. The total area of the residential complex is 16,000 square meters. There are 4 buildings here. Each of them consists of 22 floors. A total of 830 modern apartments of different layouts and areas. Some apartments have a unique living room. Its originality lies in its curved shape. Panoramic windows of the apartments offer a beautiful view. All apartments have spacious balconies. On the territory of the residential complex there are several swimming pools, a beauty salon, a sauna, a fitness center and much more. There is a five-storey covered car park. Everything here is thought out to the smallest detail, so residents will be able to enjoy their vacation and feel as comfortable as possible. There are sun loungers near the pools, and comfortable chairs made of natural materials on the green lawn. Here you can sunbathe, relax with family or friends. In terms of investment, the Kadikoy area is very attractive. Here you can not only live comfortably, but also work with pleasure, run your business.
