The Bridge of the Martyrs on July 15 is not easy to be located next to the residential complex, but it also allows you to get to the European part of the city in a matter of minutes. So, the road to Bebek and Besiktas will take only 20 minutes, and to the Maslak district - 25 minutes. Through the Eurasian tunnel in just 5 minutes you can get from the object to the historical peninsula, to the Galata Tower - 10 minutes. Merter and Zeytinburnu stations - 20 min. The nearest metro station Acibadem is a 5-minute walk, the ferry is a 7-minute walk. In walking distance there are educational institutions: from kindergarten to university. There are no problems with the presence of medical institutions and shopping centers. The internal infrastructure and social facilities of the residential complex fully meet the tastes and needs of residents. The project covers an area of 54,000 sq.m., with a total of 348 apartments. Inside the complex there is a playground and play area, walking and jogging paths, indoor pool, sauna, fitness center and convenience stores. The object is built in such a way that all apartments have a view of either the Walidebag grove or the city.
