This property is located in the Zeytinburnu district of the European part of Istanbul. Since this is one of the highest points, residents can enjoy excellent views of the city and the Sea of Marmara from their windows. The residential complex has a strategically advantageous location. The large E5 highway passes very close by, which provides convenient communication with any area of Istanbul. Nearby there is also a metro station, a metrobus stop and other public transport routes. The nearest bus stop is only 200 meters from the property. The area has developed social infrastructure. There are international schools, universities, hospitals and other institutions within five kilometers of the facility. The nearest shopping center is just a kilometer away from the property. The facility covers an area of 12 thousand square meters. It is a ten-story residential complex, in which only 47 apartments are available. buyers can choose between 2+1 and 3+1 layout options. These are spacious apartments, which definitely have enough space for the whole family. in all apartments the concept of "Smart Home" is implemented. On the ground floor of the building there are seven commercial premises for shops and service industries. The residential complex has a gym, as well as a sauna and Turkish bath. There is a large indoor pool. There are two parking zones on the territory of the facility - open and underground. In the spacious green courtyard there is a large children's playground.
