Housing area varies from 77 to 224 sq.m. The apartments on the lower floors are offered with a small private garden. The apartments on the middle and upper floors have terraces. The territory of this complex is a place where all household services are available to the owners. Whether it's a personal trainer, babysitting or cleaning. For the comfort of the owners of the villas, the rental of water transport is also provided. The internal infrastructure is thought out to the smallest detail. You can exercise in the fitness center or yoga. You can relax in the SPA center or in the sauna. You can attend all the parties at the beach club or dine at the restaurant. The facility is located in Yalikavak, only 18 km from the center of Bodrum. The port and the airport are very close to the residential complex.
