The luxury residential complex is deliberately located on the marble coast of Istanbul, in the elite Fatih district. The engineering and architectural project has become a role model, as it represents the restoration of an object with cultural values, taking into account its original appearance with the introduction of modern technologies. In accordance with the created "square meters", buyers are offered a housing layout from 1 + 1 to 6 + 1. The architects' practical approach to lighting allows daylight to be enjoyed through the integrated glass facade. The convenience of the complex is given by the developed infrastructure, where there are: - hammam; - SPA-center; - bath; — pedestrian and bicycle zones; - indoor pool. Additional services of the complex include: — cleaning; - dry cleaning of furniture/things; - ironing; — video surveillance system 24/7 in the premises; - restaurant; — reception with valet; - security service; - car sharing.
