The project, which is designed in the luxury class style, is located on the coast of the Marmara Sea. The residential complex is located in the central part of the city of Istanbul, in an area called Fatih. The object has been recognized as one of the best in the world, if we consider it as an opportunity for the restoration of a historic building. The building has retained its original appearance. During the restoration and restoration, modern approaches in the construction industry were used. The room is well lit. A similar effect was achieved thanks to the glazed facade of a residential building. The internal infrastructure of the residential facility includes: Turkish bath; salon with SPA procedures; paths for pedestrians and cyclists; indoor swimming pool. In addition, residents of the unique facility have the opportunity to take advantage of apartment cleaning services, dry cleaning is available here, and staff can iron clothes. The house has a video surveillance system, reception, 24-hour security, parking. Residents can visit the restaurant and rent a car.
