Your attention is given to one of the new projects, marked by a premium level. This project was created by a reliable developer who has 50 years of experience in real estate construction. This project is located in the district of Istanbul - Maltepe. Occupying an area of 12 thousand square meters. The number of high-rise blocks is four, of which the first is allocated for commercial premises, and the remaining three are for living. The project has 317 apartments with different layouts (from 1+1 to 4+1). The area of apartments is from 70 to 221 square meters. The advantage of the apartments is panoramic windows overlooking the Dead Sea and the Princes' Islands. A thousand square meters were allocated for the internal infrastructure (the presence of a cafe, a flower arch, a fitness center, the presence of a territory soundproofed from the bustle of the city, a barbecue area). Parking has 372 spaces. The external infrastructure is no less rich and beautiful than the internal one. A five-minute walk from this project - two shopping centers: Maltepe Park, Hilltown. If you walk 10 minutes, you can visit such a shopping center as Piazza. Spending a minute more, your eyes will fall on IKEA. If you want to look at the port, then 15 minutes and you are already looking at the port of IstMarina. One of the most important types of institutions to be close to is schools, and they are available here (schools and universities). As the advantages of external infrastructure, two hospitals can be distinguished, which are located near the project, and for ease of movement, the project will please with the presence of two metro stations within a 4-minute walk from it - Huzurevi and Maltepe.
