The residential complex can be called a city within a city. It is located in the Kepez district, in the center of Antalya, and occupies an impressive area - more than a million square meters. The facility includes 19,000 apartments and a spacious recreation park. Near the residential complex there is a convenient transport interchange that allows motorists to easily get to any district of Antalya, as well as to neighboring cities. There is a tram stop within walking distance for pedestrians. In general, the location of the object is chosen ideally - it will be very convenient for the owners of the apartments to get where they need to by any means. Developed infrastructure will leave satisfied residents of all ages. On the territory of the object there are schools, kindergartens, a hospital. The project provides premises for offices and shops. There are picturesque artificial reservoirs with street cafes on the shore. For cultural activities, a shopping center and a museum are located nearby. For those who want to keep fit, there are swimming pools and outdoor sports grounds. For children, playgrounds are organized near the houses. Even for dogs, there are special areas for walking. In addition to outdoor pools, there are indoor pools, as well as fitness rooms, so bad weather will not be an obstacle to sports. The residential complex offers a wide range of apartments and layouts - from 1 + 1 to 4 + 1. On the upper floors you can admire the city through large panoramic windows and spacious balconies, on the lower floors there are garden terraces. The territory of the facility is under round-the-clock security, which guarantees residents peace and security.
