The residential complex in Kepez is like a small city located in the central region of Antalya and occupies about 1 million 300 thousand square meters. It includes not only about 20 thousand apartments: there was also a place for an extensive park on the territory. This property has excellent transport accessibility. Nearby there is a road interchange, which allows you to get by car to anywhere in Antalya, as well as to cities in the neighborhood. There is a tram stop nearby, which is a short walk from the residential complex. The social infrastructure is quite developed and meets the interests of residents of any age. Directly next to the object there is a hospital and educational institutions, retail and office space. There are several artificial reservoirs with cozy catering establishments located nearby. Nearby - a museum and a large shopping center. On the territory of the residential complex there are sports and children's playgrounds, there are swimming pools. The park is fully equipped for full-fledged walks and a good pastime: there are paths for walking and walking, and well-equipped places for recreation. Our smaller brothers are not forgotten either: there are places for walking animals. And indoor pools and gyms allow residents to exercise regardless of the weather. The apartments offered at the facility have different layouts: from 1 + 1 to 4 + 1. They offer a wonderful view of the city and the park. The windows of the buildings are panoramic, and the balconies are large: everything is provided for a good rest. The lower floors of the complex are equipped with spacious terraces, allowing you to set up a small garden. The territory of the facility is completely closed and has round the clock security to ensure the safety of residents of the residential complex.
