The residential complex was built in the lively area of Kalkan. The main advantage of this place is walking distance from the city center. A few meters from the object there are cafes, restaurants, markets, shops and educational institutions. The residential complex is represented by two 4-storey villas. The total area of the project is 657 m2, of which 537 m2 is occupied by green spaces. Apartments in two villas are designed in 4 + 2 layout. On the ground floor there is a bedroom and a large living room with access to the terrace. The second floor is designed for a dining room and a spacious kitchen with a balcony. The top floor is reserved for two bedrooms. For a comfortable stay in the winter, the developers have provided heated floors and aluminum window frames and doorways in the living quarters. On the territory of the residential complex there is a large swimming pool with a seating area. The buildings of the facility have an indoor swimming pool, as well as a sauna and a gym.
