The main distinguishing feature of this project is its modern concept. It has a unique round façade that catches the eye from afar. The residential complex is located in a rapidly developed area just five hundred meters from the airport. The nearest shopping center is three kilometers away, and the beach is five kilometers away. There is a free shuttle service to these points and the airport. The project covers ten thousand square meters. On all this land there is one residential complex of ten floors. It includes 287 apartments, each of which has an interesting design solution and layout. A number of apartments in the residential area have terraces, swimming pools and even their own garden. The apartments are rented with a clean finish, integrated appliances and heated floors. Also in each housing there are air conditioners and an electric boiler. Near the residential complex there is an open-air swimming pool, not far from it there is a bar, a barbecue area, a children's complex and parking lots of various types - open and closed. Not far from the house there is a gym, where you can find a heated indoor pool, designed for use at any time of the day. There is also a spa area and a children's playground.
