This residential complex in the Beylikduzu area was created as an elite housing for families. It covers an area of 18 thousand square meters. 60% of this land is given over to landscape gardening, so it is comfortable not only to live in it, but also to relax in it. Good transport accessibility of the object is ensured by its proximity to one of the most important highways of Istanbul E5. The area also has a well-developed public transport network. A metro station and a metrobus stop are located at a distance of just over a kilometer from the houses. There is a bus stop right next to the houses. Six bus routes run here at once, which allows you to quickly reach neighboring areas. The distance to the airport is 30 kilometers. The social infrastructure of Beylikduzu includes all the necessary facilities for life. The nearest hospital is eight hundred meters from the object. The shopping center can be reached on foot in just two minutes, and the supermarket is even faster. The public elementary school is located at a distance of 1.2 kilometers. Several universities are located in the area. The residential complex has four buildings with 17 floors each. Apartments 2 + 1 and 3 + 1 with large rooms are available for purchase, so that there is definitely enough space for the whole family. On the territory of the residential complex there is an outdoor swimming pool, as well as a tennis court and a basketball court. There is a playground for children. There is a fitness center in one of the buildings.
