We present a new luxury residential complex in the Asian part of Istanbul, Uskudar district. On the most beautiful, landscaped area of the project with an area of almost 30,000 sq.m. there are 13 residential blocks, a total of 196 apartments, layouts from 2 + 1 to 6 + 2. The area of the apartments varies from 185 to 559 sq.m. The internal infrastructure is represented by an outdoor / indoor and children's pool, a playground, a sports center, cafes and restaurants, walking and jogging paths, convenience stores. Proximity to the transport network allows residents to be in privacy, but remain close to the main objects of Istanbul. Metrobus and metro stops are only 1 minute away. Just like before the Acibadem hospital. Several educational institutions from elementary school to universities are located within walking distance. It is only 10 minutes to the beach area of Uskudar, as well as to Çamlıca Hill, the highest point of the Asian part of Istanbul. From here you have an incredible view of the city.
