The residential complex overlooking the Sea of Marmara and the Princes' Islands is located on the embankment line in the Kartal area. This is a total of 140 apartments with layouts from 2 + 1.5 to 4 + 1. All apartments in this complex have large and comfortable balconies and provide residents with not only picturesque panoramic views, but can also be used as additional living space. Near the residential complex there is an embankment with a park: pedestrian and bicycle paths, playgrounds, cafes, restaurants and other recreational opportunities for residents. The developer also took care of the owners of the apartments and on an ongoing basis launches a mini-bus from the complex to the main transport hubs: the ferry and the Marmaray metro. A sufficient number of shopping centers in the area will easily provide you with everything you need. The presence of medical and educational institutions for different ages make life in this facility comfortable for families with children.
