This object is visible from afar. Located in the Mecidiykoj area in the European part of Istanbul, it rises above the main building. From the windows of the object offers an excellent view of the city and the Bosphorus. The residential complex is suitable for those who want to live in the very center of the city - in an area with high business activity, many business centers and official institutions. From the object it is easy to get to any area of both the European and Asian parts of Istanbul, as it is close to the 15 July Martyrs Bridge. Istanbul Airport can be reached in half an hour. The nearest metrobus stop is 500 meters from the facility, and 700 meters from the metro station. The central districts of Istanbul are distinguished by a particularly developed infrastructure and the Mecidiyya fully enjoys this advantage. There are two hospitals within a five-minute walk from the residential complex, and the nearest university is located a kilometer away. There are four major shopping centers within walking distance. Nearby there are also shops, cafes and restaurants, numerous entertainments. Apartments with a total area of up to 73 to 193 square meters are available at this facility. The building has an unusual triangular cross-sectional shape, so non-standard options are also available among the layouts. To make it easier to admire the city, the apartments have panoramic windows. The ceiling height is 4 meters, 11 elevators allow you not to languish in anticipation to get to the upper floors. The facility has many public spaces, both in spacious halls and outdoors, where you can have a picnic or discuss business. The facility also has ample parking and bicycle parking spaces. There are charging stations for electric vehicles. There is a concierge and 24-hour video surveillance.
