This project harmoniously combines a calm lifestyle in the neighborhood of nature and the speed of a modern metropolis: modern architecture surrounded by nature, but in the very center of Bodrum - Yeniköy district. The residential complex of townhouses occupies an area of 24,000 sq.m. At the first stage of construction, it is planned to erect 26 residential blocks (a total of 94 apartments) with a view of nature or the sea. The developer offers 5 different design projects for your choice. Each house has its own entrance, parking place, small garden or terrace. The main advantage of the project is its location. In fact, a closed complex, but close to the active center of the city. Within walking distance is the Oasis Shopping Center. The developer offers layouts from 2+1 to 4+1, with living area from 67 to 120 sq.m. Swimming pool - on the territory of the complex. For the convenience of buyers, an interest-free installment plan is provided upon purchase. Completion date: June 2024
