The premium class residential complex development offers a variety of attractive residential areas, apart-hotel and office departments. Also in the complex you can locate a retail outlet to develop your own business. The complex is located in the Zeytinburnu area in the European part of Istanbul, next to the coastline. The project area is 63,500 square meters, a tunnel for pedestrians leads from the living quarters to the coast. And on the pier there is an opportunity to use the services of water-type transport. This property won the "Best Design" award in a deserving real estate event. And thanks to the optimal distance of buildings from each other, thoughtful architecture, as well as panoramic windows, residents will be able to watch the waves of the sea in almost every room. The complex is located 10 minutes by car from the tunnel "Eurasia" and one kilometer from the IDO Bakirkoy terminal. Also five kilometers from the project is Ataturk Airport and the E-5 motorway. The creators of the project have thoroughly thought out the external infrastructure, on the territory there is a hospital, a shopping center, ferries, stations, a bridge, a university, a museum, a beautiful garden and many architectural monuments. The building is a residential complex that consists of six blocks, in which there are more than 800 apartments and one block is allocated for a hotel. The dwelling offers future owners a layout from 1 plus 1 to 5 plus one, the area varies from 74 to 376 square meters. In the residential complex, you can also purchase a separate house, where the area reaches from 210 to 361 square meters, this option is suitable for a large and friendly family who wants to settle near the sea. The residential complex offers parking, a fitness room, a sauna, swimming pools for adults and children of various types, playgrounds, dry cleaning, security and all the necessary shops. Everything you need for active and comfortable living in one project for new residents and those who want to be closer to the sea.
