The object is located in Buyukcekmece - one of the actively developing areas of the Turkish city of Istanbul, or rather its European part. From the balconies and terraces of the complex offers stunning views of the Marmara Sea. In general, it is worth noting the developed and modern infrastructure. So, every vacationer will certainly find his pluses in the complex in question. Buyukcekmece is considered one of the greenest areas of Istanbul. It also has excellent transport accessibility. You can reach the nearest metrobus station and the E5 motorway in just 5 minutes. Nearby is the pier, which is called Western Istanbul. Shoppers will also not have to go through the whole city to the shops. Literally 10 minutes from the residential complex there is a huge shopping center, where goods of different categories from all over the world are presented. The district has a sufficient number of schools, medical institutions and other social facilities. Developers have not forgotten about shops, souvenir shops, catering establishments. The residential complex is located on the territory of 4000 sq.m. It includes two buildings, which are separated from each other by a green zone. They sell apartments with the following layouts: 1+1, 2+1 (standard and American kitchens), 3+1, 4+1. The apartments have terraces and panoramic balconies. On the ground floor there are apartments with their own garden. Among the objects of the internal infrastructure of the residential complex, one can single out: landscape design and artificial reservoirs; playgrounds for children's games; well-maintained footpaths; spacious car park; Turkish bath and sauna; fitness center and indoor pool. International experts say that the investment attractiveness of such an area as Buyukcekmece is constantly growing. This is facilitated by natural beauty, transport accessibility and developed social infrastructure. Such a project should be considered for a profitable investment of money and for a comfortable stay throughout the year.
