Information about the complex construction object is offered to the attention of all readers and interested people. Work on the construction of a complex of buildings and structures is being carried out in one of the most respectable places in the largest city of Turkey - Istanbul. The district is called Nisantasi. The main phrase that is emphasized is complex development. On the territory, the size of which is 97 thousand square meters, there is everything you need for a comfortable life. The following will be built here: 62 cozy apartments; 99 premises intended for offices; a hotel designed for a room fund of 146 beds; shopping and entertainment center; parking. It can accommodate 600 cars. The listed construction objects are only a small part of what the complex development will include. Inside the facility under construction there will be places for: children's playgrounds; comfortable equipped areas for recreation, entertainment, leisurely walks; areas where sports can be played. The location of the complex development is the central point of the city. It takes only five minutes to get to the Taksim area, only ten minutes to walk to the Mecizhiköy area. In fifteen minutes you can get to Zinçirlikuyu, it will take eighteen minutes to get to the Levent area. Only forty minutes drive from the complex, and the passenger will get to the airport called "Istanbul". All medical institutions, as well as kindergartens, schools, universities are within walking distance from the building. The developed style of integrated development will be in harmony with the historical and architectural heritage located on the territory of the construction site. All buildings fully comply with the norms and standards adopted by law. Buyers will receive comfortable offices and homes.
