One of the leading investment companies has revealed details of its new real estate project, which will be located in Ras Al Khaimah. According to company representatives, this project will help to significantly increase supply on the luxury real estate market: it will add about 90 thousand square meters of space. According to the same company, the cost of the project will be 1 billion dirhams.

It will be a vibrant, mixed-use waterfront development and lifestyle destination on the Al Marjan Island already known to Dubai resort property investors, helping those same investors capitalize on growth opportunities in the region.

The project includes luxury townhouses and villas, residential waterfront apartments, a 4-star luxury resort hotel and public retail facilities. The hotel will have 300 rooms, a beach complex and serviced apartments. The total area of the beaches here is estimated at 40,000 square meters. m.
