Year of finishing:	2024
Bedrooms	3
Land area	248 m2
Area	428 m2
Category	For sale

The new complex will be located in one of the most prestigious and promising areas - Bang Tao. The market value of real estate here is growing much faster than in other areas of Phuket. This place is perfect for a comfortable stay. Set on a quiet hillside close to the beach and within easy reach of amenities such as Porto de Phuket, Boat Avenue, Phuket Blue Tree and the lagoon, this project beautifies the landscape and offers panoramic mountain views.

The complex was designed by a well-known architect with extensive experience, which ensures high quality and a level of comfort worthy of your investment. The site is surrounded by mountains and provides residents with a wide panorama of the surroundings and maximum use of space. Thanks to its location in the valley, excellent air circulation is provided here, and the morning light of the sun perfectly illuminates the building, creating a cozy atmosphere.

The project will consist of 58 villas with three levels and 3 or 4 bedrooms. The swimming pool will be located on the top floor, and inside the building there will be spacious living and dining areas, as well as a modern kitchen.

The complex has a number of amenities to enhance the comfort of its residents, including: a medical center, a gym, a cafe, a sauna, a yoga area, a kids club, a massage room and a kindergarten.
