The new complex will be located in one of the most prestigious and promising areas - Bang Tao. The market value of real estate here increases much faster than in other areas of Phuket. This place is perfect for a comfortable stay. Set on a quiet hillside close to the beach and within easy reach of amenities such as Porto de Phuket, Boat Avenue, Blue Tree Phuket and Laguna, this project beautifies the landscape and enjoys panoramic mountain views.

The complex was designed by a well-known architect with extensive experience, which ensures a high quality and a level of comfort worthy of your investment. The site is surrounded by mountains and provides residents with a wide panorama of the surrounding area and maximum use of space. Due to its location in the valley, excellent air circulation is ensured here, and the morning light of the sun perfectly illuminates the building, creating a cozy atmosphere.

The project will consist of 58 villas with three levels and 3 or 4 bedrooms. The swimming pool will be located on the top floor, while inside the building there will be spacious living and dining areas, as well as a modern kitchen.

The complex has a range of amenities to enhance the comfort of its residents, including: a medical center, a gym, a cafe, a sauna, a yoga area, a kids club, a massage room and a kindergarten.
