House type	New project
Market	New building
Quarter of finishing:	Q3
Year of finishing:	2024
Bedrooms	3
Land area	150 m2
Area	360 m2
Category	For sale

The villas, located on the western side of the hill and surrounded by the national park, offer stunning panoramic sea views. Of the 20 villas of the project, 10 have already been built, and another 10 are waiting for their owners.

Located on Naithon Beach, in the picturesque northwestern region of Phuket, the project attracts with its location. Naithon is an amazing beach with a length of just over a kilometer, strewn with white "singing" sand and surrounded by the clear waters of the Andaman Sea. Here you can get away from the bustle of tourist places and relax in the shade of trees.

This is probably the only place in Phuket where magnificent sea views, the harmony of untouched nature and proximity to important infrastructure are surprisingly combined.
