Year of finishing:	2024
Bedrooms	4
Land area	270 m2
Area	580 m2
Category	For sale

The villas, located on the western side of the hill and surrounded by the national park, offer stunning panoramic sea views. Of the 20 villas of the project, 10 have already been built, and 10 more are waiting for their owners.

Located on Nai Thon Beach, in the picturesque northwestern region of Phuket, the project attracts with its location. Knighton is an amazing beach with a length of just over a kilometer, strewn with snow-white "singing" sand and surrounded by the clearest waters of the Andaman Sea. Here you can escape from the bustle of tourist places and relax in the shade of trees.

This is perhaps the only place in Phuket where magnificent sea views, the harmony of untouched nature and proximity to important infrastructure are wonderfully combined.
