A new complex of villas with three or four bedrooms and private pools, located in the Layan area.

Situated on a hilltop surrounded by rainforest, this project is one of the most remarkable in this part of the island. A unique, sophisticated and stylish living space, like a hidden treasure, hides among the greenery of the hills and offers a breathtaking view of the valley, overgrown with trees.

The project includes 16 villas, which are inspired by nature and made in the style of tropical luxury with warm wood finishes. This complex offers 180-degree panoramic views and natural surroundings that make these villas green gems of Phuket compared to other plots of land.
