A new complex of prestigious villas with swimming pools, ideally located in the picturesque area of Bang Tao. This project is the creation of a well-known developer, who is famous for the high quality of construction and meaningful architecture.

The residential complex includes 65 villas, occupying plots from 674 to 1168 sq. m., while the area of the villas themselves ranges from 424 to 567 sq. m. Most of the villas are designed in the style of "Modern Luxury", which is reflected in the harmony of clean lines and natural textures, creating spacious and inviting living areas. The villas are equipped with large courtyards with landscaped gardens, swimming pools, terraces and outdoor pavilions for relaxation (salami).

In addition to the contemporary design style, the developer also offers a limited number of traditional Thai-Balinese style villas, a sophisticated take on the classic design.

Due to its location, the complex provides easy access to all amenities and attractions, making it an ideal place to live.
