Luxurious five-bedroom penthouse in a luxury complex, will be a great place for a large family or a short vacation.

The low-rise complex consists of three buildings on three floors, includes a spacious communal swimming pool, parking and beautiful landscaped areas. The apartments are also equipped with 'Lutron Lighting Controls'. It replaces traditional wiring and offers the most advanced technology for owners. The condominium is equipped with smart technology, and each apartment is equipped with a lighting control system that improves the atmosphere by providing control over audio-video systems, in-room entertainment systems, blinds and curtains. The main advantage is the ability to control any light or group of lights to create 'light scenes'. Other benefits include reduced power consumption and reduced energy costs.
