A new complex of 19 exquisite and affordable villas that harmoniously fit into the tranquil area of Rawai.

These villas were created under the direction of the world-famous Italian design studio, which at one time received many awards at international competitions. The meticulous design reflects the balance between style and comfort in Phuket's tropical ambiance.

The villas, in the project, are spacious and bright, with two bedrooms and a swimming pool. The sun's rays naturally penetrate the interior spaces, creating a bright and life-affirming atmosphere, while the surrounding nature gives a feeling of solitude and tranquility.

The design team, taking into account their experience and professionalism, carefully considered every detail of the interior. Don't miss the opportunity to make your dreams come true and own one of these unique villas.
