Introducing a new luxury real estate developer in Phuket, a subsidiary of Mongkon Mahakit, a leading international gold jewelry manufacturer since 1987. Over the years, Mongkon Mahakit has been proud to partner with the world's leading jewelry houses to produce products of great design and quality.

Through family ties to Mongkon Mahakit, the company has inherited a tradition of balance and excellence in design. The developer pays special attention to the expectations of demanding customers regarding high quality construction and strives to become the best. To establish its position in the Phuket real estate market, the company is developing two exclusive collections of luxury villas with pools in the Laguna and Layan areas, with a total value of over 1.5 billion baht. The official launch took place in the first half of 2023.

When creating a concept and design, the company is guided by the basic principles that are necessary for achievements in this area:

- Timeless design, where the essence of Thai materials and shapes are harmoniously combined with modern use of materials and impeccable finishes.
- Tropical culture embodied in seamless space, cross-ventilation and lush green landscape.
- Simple elegance, combining the pure atmosphere of an ideal resort and a cozy home.
- Choice of materials and equipment - aimed at providing maximum comfort.
