Located in the picturesque area of Bang Tao, just 1.5 km from the emerald beach, this project opens a new page in luxurious living.

The secret to sales success lies in the synergy of several factors. The developer company, inheriting many years of experience and an excellent reputation, masterfully combines in its projects the proportionality of price and quality, unique design and finish, choosing the most suitable and promising locations for this.

The project includes 26 modern loft-style villas, built on two levels and with 3 or 4 bedrooms. From the terrace of each villa offers a breathtaking view of untouched nature. This is a unique interpretation of luxury that stays within reach and fits into the context of Phuket's magnificent nature with mountain and lake views. The area of each villa is from 404 to 710 square meters, which allows you to choose the right option.

Each villa will offer you either partially or fully furnished accommodation. The heart of the house is the European-style kitchen, fully equipped with modern appliances. The bedrooms have comfortable beds and built-in wardrobes. And the flooring of ceramics, granite and natural tiles adds pleasant nuances to the overall picture. And these are just some of the amenities that await you.
