Relaxing and unwinding while enjoying incredible sea views is now possible thanks to this exclusive villa. The villa has been designed on several levels, with many large and comfortable spaces where the internal and external boundaries are crossed and blurred. Light colours, wood and lots of natural light have been used in the design. The house is accessed from the upper floor, which has a large entrance hall and a staircase that separates the two modules of the house. On this level are the three bedrooms of the villa. In one wing there is a spacious and bright master bedroom with its own terrace and an impressive bathroom. The other has two further bedrooms, both with en suite bathrooms and a large terrace. The day area is located on the ground floor and features a large open plan kitchen with an impressive island and breakfast bar opening onto the veranda, as well as an impressive summer dining room with sea views, a barbecue and a guest toilet on the terrace. The dining room also features an exquisite porch that further enhances the idea of "outdoor living" with several seating areas next to it and a Jacuzzi to enjoy the beautiful sunny days that the Costa Blanca has to offer, overlooking the Mediterranean Sea. The house continues to surprise us with its basement of almost 30 m² with a porch and a private terrace to create a unique space, be it an extra bedroom, a work area or whatever the new owner wants. The development is situated in one of the most prestigious locations on the Costa Blanca, overlooking the Mediterranean Sea. A unique and harmonious architectural complex in which all the villas are designed to enjoy the beautiful enclave in which they are located, with the sea and nature on the horizon. Large villas with modern architecture and south and southwest orientation. An ideal place for those who wish to acquire a unique villa with an exclusive design, with the highest quality standards, in a residential area where privacy prevails, with an infrastructure and landscaping at the same level as the surrounding villas. With an enviable location, close to picturesque coves and beaches, surrounded by nature, with a unique gastronomic and leisure offer, close to two international airports, situated less than 100 km, between Alicante and Valencia, a paradise on the Costa Blanca. *The price does not include VAT
