Magnificent villa located on top of a hill on the west coast of Phuket. It offers a breathtaking view of the beach, which invariably amazes with its beauty. The villa is just a few minutes from the nearby beaches, two famous places known for their nightlife, restaurants and shops.

Although the villa is located close to the center of busy life, the property has an atmosphere of calm and privacy, which is ideal for those who are looking for a quiet retreat.

The architecture of the villa combines the aesthetics of Scandinavian and modern design. The space of the house is thought out to the smallest detail: voluminous spaces and a large amount of natural light create an atmosphere of comfort and tranquility, conducive to rest and relaxation.

The main level of the villa includes a magnificent garden and a spacious three-car garage. There is also a dining and living area, and a fully equipped kitchen. Outside of the main level is the swimming pool, which offers views of the sea and mountains.

The presented villa can rightly be called a combination of luxury, comfort and privacy. This meticulously designed home offers ocean views from every corner. In addition, just five minutes by car from the villa, you will be in an area where you can easily find various restaurants, supermarkets and, of course, magnificent beaches.

This luxury villa is a truly unique offer that does not appear on the real estate market every day. With its exclusive location, stylish design and amenities, it is the perfect choice for those who value luxury and comfort.
